

AESSEAL® to design, manufacture and supply reliability focused products of consistent quality that fully comply with its high level strategy as well as all stakeholder and other requirements.

The Management System, as described in the Business Assurance Manual, complies with ISO 9001 & ISO 29001 and supports the establishment and review of quality objectives that ensure continuous improvement.

The Company is fully committed to ensuring that adequate resource remains in place to continually improve the effectiveness of the Management System and ensure customer satisfaction in line with the AESSEAL® purpose

The AESSEAL® over-riding philosophy is to put the customer first and to ensure that their needs and expectations are met in full and even exceeded.

This policy will be reviewed on an annual basis as part of the Management Review and will be reissued only in the event of update.

C. J. Rea
Managing Director
